

**Why Communities Choose ABL Consulting**

Senior-care leaders want communities where residents thrive, families feel confident, and staff feel proud to come to work. Yet staffing shortages, rising expectations, culture challenges, and the demands of Baby Boomers make that harder than ever.

ABL Consulting helps assisted living, memory care, nursing homes, and home care agencies create uplifting, resident-centered environments that generate the kind of word-of-mouth every community strives for. When older adults feel valued, families feel peace of mind, and staff feel supported, everything changes.

A Turnkey Partner for Today's Senior-Care Challenges

We don't just recommend solutions — we support implementation, training, monitor results, and bring you ongoing innovations with best-negotiated pricing. You get a single trusted partner who handles the details so your team can focus on care and elevating experience.

MENU OF SERVICES**Home Sweet Rewards (HSR)**

A concierge service supporting families before move-in with a dedicated Realtor, a unique additional cash reward at closing, and discounts on getting the home sale ready upgrades. Simplifies transitions and positions your community as a valued partner before move-in.

DNA Pharmacogenomic Testing

Ensures residents start off on the right medications with the right dosages. Reduces adverse reactions, improves outcomes, and builds family trust immediately.

Smart Incontinence Pads

Checks for wetness every 10 seconds, when wetness is detected it notify's the caregiver on a mobile device, reducing falls, preventing wounds, eliminates unnecessary checks, and provides reporting, improving dignity and staff efficiency.

ElliQ — Companion Robot

Reduces loneliness by 95% and boosts emotional, cognitive, and physical well-being while supporting care plans and reducing staff burden.

Culture Coaching

Elevates team morale, communication, and positivity. Creates an environment families feel the moment they walk in and staff are proud to be part of.

HR Services

Hiring, no cost risk assessments, background checks, on-site/off-site HR support-services, training, compliance oversight, and issues analysis — strengthening your workforce and reducing turnover.

Chronic Wounds

Amniotic Stem Cell Grafts: A proven, once-weekly regenerative solution that helps chronic wounds heal faster — typically within an 8-week treatment cycle.

The Outcome of Working Together

Families feel peace of mind • Staff feel valued and stay longer • Residents feel fulfilled and engaged • Word-of-mouth grows naturally • Vacancies turn into waiting lists • Your reputation becomes your greatest asset. Baby Boomers expect more — and with ABL Consulting, you can deliver more.

Let's Elevate Your Community Together

If you want a turnkey partner who brings innovation, implementation, and ongoing support... If you want a culture your staff is proud to be part of... If you want residents who feel seen, supported, and uplifted...

ABL Consulting is ready to partner with you.
